

Curriculum Vitae

Dipl.Ing. Christian Dobrick,
Project Manager/Landscape Architect

<i>Date of birth:</i>	Berlin, Germany, 20 April 1972
<i>Languages:</i>	German, Dutch, English
<i>Academic qualifications:</i>	1993 – 1997 University Essen, Germany, landscape architect
<i>Previous work experience:</i>	2006 - WEST 8 urban design & landscape architecture b.v. 1999 - 2006 Rheims + Partner, Krefeld, Germany – head designer / from 2003 managing director 1996 – 1999 Hoff + Reinders, Duisburg, Germany – landscape architect

Brief Professional Outline

Christian graduated from the University of Essen (Germany) with a degree in landscape architecture in 1997. During his study he participated in different competitions national as well as international for a number of offices from the Ruhrgebiet area. Continuing with his experiences in this matter he first became head designer at Rheims and Partner in Krefeld (Germany). Working together with a wide range of well known architectural offices, light designers and artists he participated successfully in a number of workshops and competitions.

In 2003 Christian was made managing director of R+P. During this period he managed and designed various projects mainly in the dense urban context. In the beginning of 2006 he integrated with West 8 urban design & landscape architecture b.v. holding the position of Project Manager / Landscape Architect. Specializing in landscape and public space design, Mr. Dobrick leads various projects and works with international teams. Among his most prestigious projects are the M30 project in the centre of Madrid and the Santa Giulia Park in Milan.
